Academy Improvement Plan Priorities

November 2023-24 (reviewed)

1. Deliver the planned curriculum to students using effective quality first teaching delivery to improve attainment outcomes in Ebacc subjects. Continue to build numbers accessing the Ebacc.
2. Ensure students in key stage 5 make significant progress to achieve ALP score within the black, in terms of quality of teaching and progress.
3. Within a trend of improving attendance, monitor and implement actions for students who are deemed vulnerable or who have a pattern of broken attendance which would be considered as persistent absence.
4. Review the school's behaviour curriculum, make adjustments as required and work with staff so that they are consistent in its application and standards are high for all.

Develop a culture of character within the school enabling students to recognise and develop values and characteristics needed to be successful within British society.

5. Monitor the impact of the planned curriculum, led by middle leaders from Years 7 -13, ensuring it is supporting the progress of all students by being ambitious in its conception and providing a broad and balanced experience matched to student's needs and aspirations.
6. Ensure teachers and supporting staff have ambition for our students and meet the needs of all learners.
7. Identify and catch up with struggling readers and those with number sense below their chronological ages as this will impact on their ability to engage with the curricular offer.
8. Ensure all staff are familiar with KAEP processes.
