Student Destinations after 16 to 18 (2023 leavers)

85% of students that left the school in 2023 either stayed in education or went into employment from Oct to Mar the following year, or stayed in an apprenticeship for at least 6 months.

Figures taken from government performance tables published in April 2026.

Full performance data for 16 to 18 can be found at the following link:
